

Wake Up Boo

[Verse 1]

Summer's gone (summer's gone)
Days spent with the grass and sun (grass and sun)
I don't mind (I don't mind)
To pretend I do seems really dumb (it seems really dumb)

[Pre-Chorus]

I rise as the morning comes (ooooh)
Crawling through the blinds (aaaah)
I shouldn't be up at this time (ooooh)
But I can't sleep with you there by my side

[Chorus]

Wake up, it's a beautiful morning (wake up)
Feel the sun shining for your eyes
Wake up, it's so beautiful (wake up boo)
For what could be the very last time

[Verse 2]

Twenty-five (twenty-five)
Don't recall a time I felt this alive (this alive)
So wake up boo (wake up boo)
There's so many things for us to do (things that we could do)

[Pre-Chorus]

It's early, so take your time (ooooh)
Don't let me rush you please (aaaah)
I know I was up all night (ooooh)
I can do anything, anything, anything
(Wake up)

[Chorus]

Wake up, it's a beautiful morning
Feel the sun shining for your eyes (wake up)
Wake up, it's so beautiful
For what could be the very last time (wake up)
(Wake up)
Wake up, it's a beautiful morning
Feel the sun shining for your eyes (wake up)
Wake up, it's so beautiful
For what could be the very last time

[Outro]

A-aaaaaaaaaaaa-ah
